

Seller's Letter: 9 Beekman Terrace, Summit, NJ 07901

Dear Future Owners:

We are confident you will love living at 9 Beekman Terrace, as we have for more than 14 years. The open kitchen overlooks our spacious and sunny family room, where we spent most of our time playing with our daughter. The private backyard served us well for outdoor activities and family get-togethers. The location across Wilson Primary School and Park could not have been better. When our daughter was young, we enjoyed walking to and using the school playground, and later, the “big kid” playground, nearly every day. Our dog, Molly, also liked to play in the large and open fields around Wilson Park. We also appreciated the convenience of being a short walk to a train station, grocery store, and Summit High School. We will surely miss our home at 9 Beekman Terrace but know that it will continue to be loved by those who follow us.
